Re: *Ex Parte* Submission
CS Docket No. 99-251

Dear Ms. Salas:

Today I distributed the attached letter to various Commission staff. Please file a copy of this letter in the dockets of the above-captioned proceeding.

An original and two (2) copies of this letter and attachment are submitted herewith in accordance with Section 1.1206(b) of the Commission's rules.

Sincerely,

Francis M. Buono

**Re: In the Matter of Applications for Transfer of Control to AT&T Corp.
of Licenses and Authorizations Held by MediaOne Group, Inc.,
CS Docket No. 99-251**

Dear Ms. Lathen:

This letter responds to the Cable Services Bureau's request for information regarding AT&T's compliance with the channel occupancy rules, 47 C.F.R. § 76.504, after the closing of its proposed merger with MediaOne.

To comply with this request, AT&T and MediaOne reviewed the channel lineups of all of their respective cable systems as of year-end 1999. For purposes of these analyses, AT&T and MediaOne treated as affiliated services all national video programming services that are affiliated with AT&T, MediaOne, Liberty Media Corp., Rainbow Media Sports Holdings, Inc., or Time Warner Entertainment, L.P. pursuant to the affiliation rules in the Notes to 47 C.F.R. § 76.501.

Based on these analyses, AT&T and MediaOne found that all of AT&T's cable systems and all of the MediaOne cable systems that AT&T will acquire will be in compliance with the 40% channel occupancy limit post-merger with the exception of four systems. The four systems are located in Decatur, IL, Battle Creek, MI, Minot, ND, and Westport, WA. As explained below, AT&T has taken, or will take, all necessary steps to ensure that these four systems will be in compliance with the channel occupancy rules at the time of the closing of the merger.

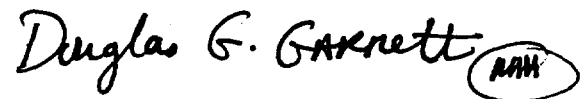

Ms. Deborah Lathen
March 17, 2000
Page 2

In two of these systems -- Decatur, IL, and Battle Creek, MI -- AT&T already has adjusted the services it offers its customers so that the systems will be in compliance with the channel occupancy rules at the closing of the proposed merger.

In the Westport, WA, system, AT&T will adjust the services it offers its customers early next month so that this system also will be in compliance with the channel occupancy rules at the time of the closing of the merger. In the remaining system -- Minot, ND -- AT&T will adjust the service offerings as expeditiously as possible so that it also will be in compliance with the channel occupancy limits at the time of the closing of the merger.

Thus, all of the AT&T systems will be in compliance with the channel occupancy rules at the time of the closing of the merger. Please feel free to contact me with any questions you may have on this matter.

Sincerely,

Douglas G. Garrett 

Douglas G. Garrett
Senior Regulatory Counsel
